Betty Jo,
I'm really excited and it's really
been a pleasure to know you.
Don't ever forget home. My only
regret is that I didn't get to know
you better. Here's to a really great

Betty Jo,

I wish you the very best of
luck. I hope you have a wonderful
vacation and I hope I'll see you.
As I said the very best of luck to a
very cute and sweet girl.

Love - ya.

Betty Jo,

Looks of luck to a
real sweet gal who I
have enjoyed going to
school with. Well, we
really made the grade,
and graduation is only
a few days off. Don't forget
me after graduation and
I hope to see you this summer.

Love - ya.

Betty Jo,
Best of luck to you
in nursing training. I
hope you make with
flying colors. I have
enjoyed going to school
with you all these years.
How long? 6 yrs. maybe.
Be good and stay as cute,
sweet, and nice as you
are now. Hope to see
you this summer!

Love ya!
Audrey

Hi Dexey,

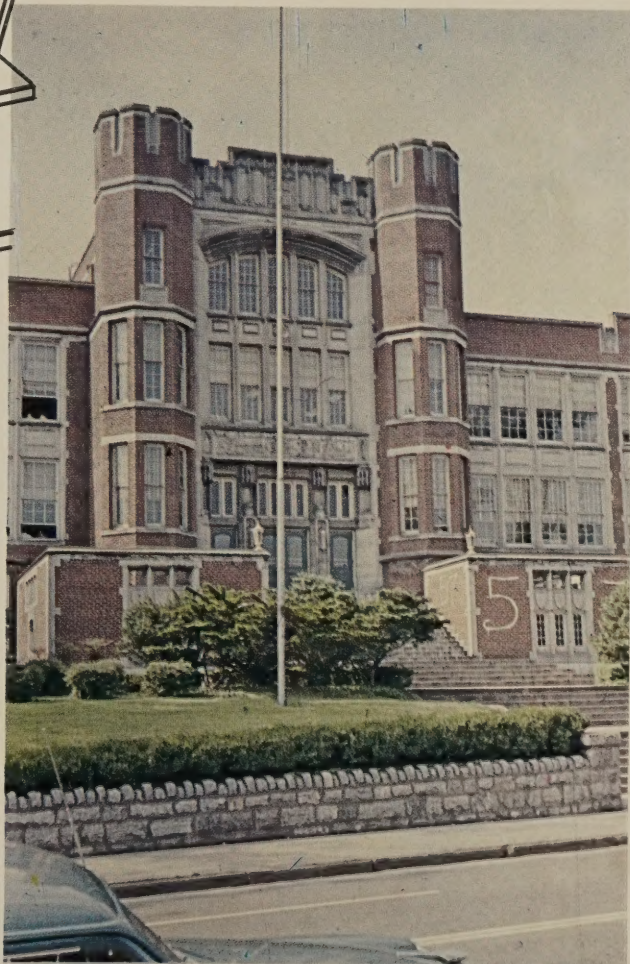

What in the flock. I don't know
what to write in here. I just
want to tell you what a
doll you are and that I'm
still jealous of all your
boyfriends. All you have
to do is marry me and you
will no more be bothered
with phone calls or boys and
things. (You're beautiful!) Any-
way I have really enjoyed
being in your homeroom and
English class this year. Don't
ever forget those wonderful
Chemistry test. Best of luck
to a real fine girl. See you
this summer (I hope)

times and I hope we will have
a lot more.

I wish you all the luck in the
world in Nurse's Training.

our special ones. We've really had
problems. Be good and I'll see you this summer
And the Wonder of Print Love you,
Darlene

P.S. you have been a wonderful and
helpful friend to me and I appreciate it. I
know I don't deserve it.

Academically . . . We Learn . . .

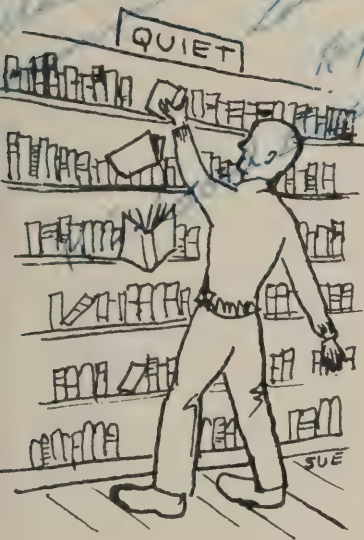

Whether we plan to go to college, enter armed services, or go directly into business or industry, we are offered courses which meet our individual needs. On these pages, our camera shows Jeff-ites at work.

At left—Marie LaPrade, George Hohmann and Charlotte Staton mount a display of student work, based on Idylls of the King.

A new course, Advanced Biology, has this year been added to our curriculum for the benefit of students planning to enter the field of medicine. Nancy Brown, Betty Mason, Susie McAfee, and Jesse Wilson enjoy dissecting fish in their study of the comparative anatomy of vertebrates.

*I've been
looking for
books in your
library for
some time.
I hope you
can help me.*

At the spring Library display of new books arranged by Miss Miller and Mrs. MacNeace, Duane Dillard, Richard Hooper, Charleen Elmore, and Cathy Robertson spend a free period in exploration of new additions to our library.

In Home Economics, students are concerned with Child Care, Grooming, Interior Decorating, Family Relationships and Food as well as Clothing Construction. At right, we see Sandra Johnson, Shirley Harris, and Kay Kier, as they work on new summer cottons.

The Three R's . . . and Much More . . .

Talking, Experimenting,

Moments between classes are precious. Ann Hubbard, Alta Strickland, Johnny Ewart and Tony Hancock make the most of them.

In Physics Class, Dennis Roscoe, Richard Bushong, Duane Dillard, Cathy Callahan, learn to apply Archimedes's principle.

Taking Part in Class Discussion

The beginner and advanced students studying Art at Jefferson try their hand in a multitude of styles and techniques. The first year they challenge charcoal, pastel, tempera, water color, and ink, while studying still life, figure drawing, perspective, lettering, commercial art, pottery, etc. Advanced students work more in detail, and also try their hand at oils.

A number of Jefferson students entered their classwork in the AAUW Roanoke Area Artists Exhibition at Heronimus and received recognition. Melanie Jo Wilkes's "Wash Day" was selected best in the show and she received a scholarship. Emily Wirsing's tempera painting of the alley won second place.

These advanced Art students, Fred Harris, Donna Dooley, Judy Woodyard, (seated), and Jane Mattox and George McCathern (standing), are working on their individual projects.

Listening, Comparing,

Jefferson is one of the few schools which offer work in four foreign languages . . . Latin, Spanish, French and now for the first time, Russian. In these courses we learn not only to speak and write the language but also

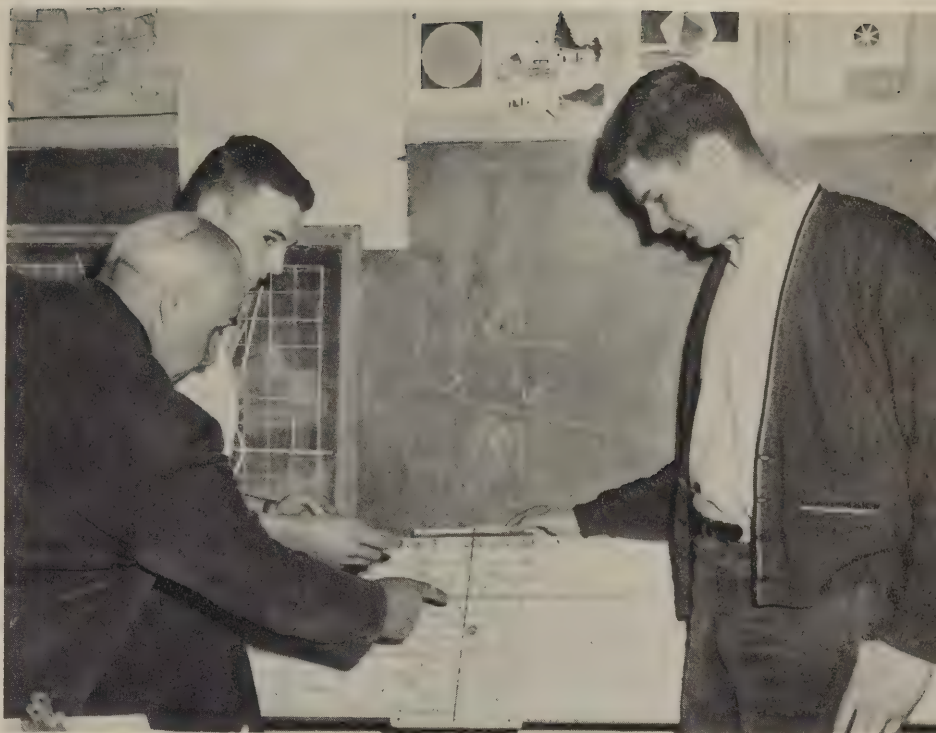

In an American History class, Sharon Bieler and Sandy Helms compare their own maps with the official map of the United States. Mrs. Giles comments, "Since when has the Atlantic Ocean moved to the California coast?"

Understanding

we learn the culture, civilization, history, and geography of each country. In the Spanish class, pictured at left, Senora Mamie Salva de Patterson, discusses the geography of her native country, Puerto Rico.

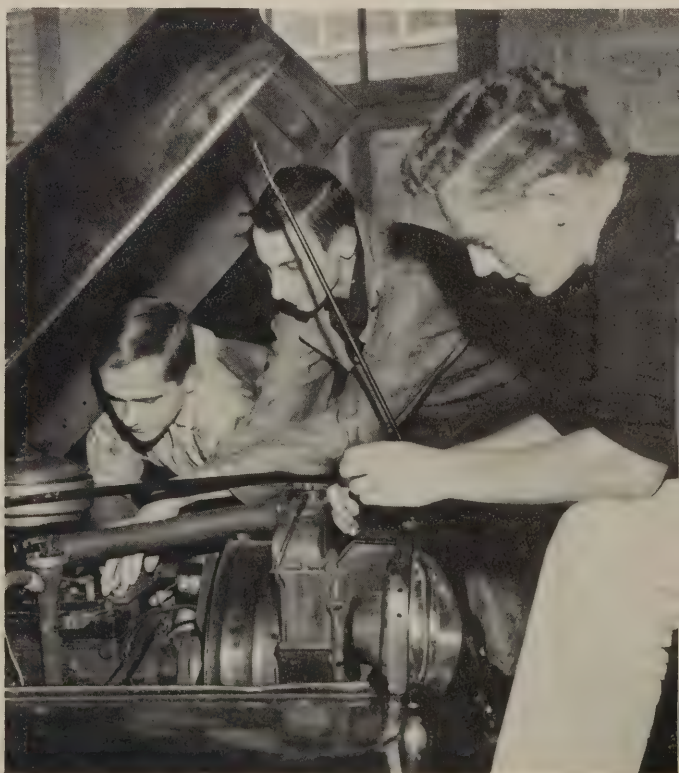

At right, Mr. Arthur Freitag explains the workings of the slide rule to Charles Pugh and George Vogel.

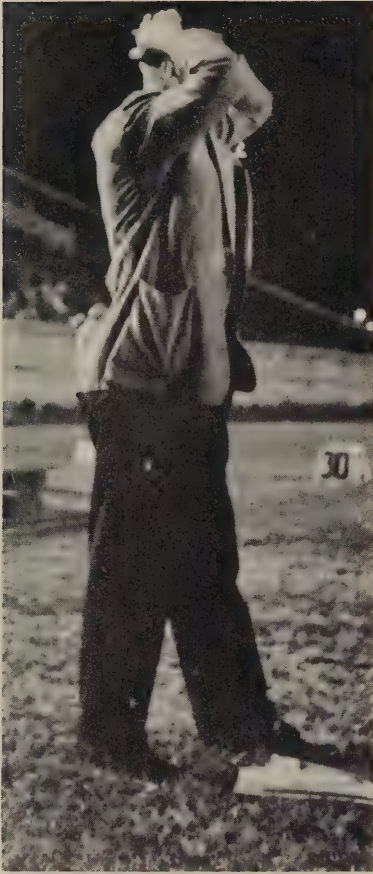

Below, in a second year typing class, Mrs. Mildred Brust explains the day's lesson in tabulation to Virginia Elmore.

Practical experience gained in Trade School enables the student to obtain employment as an apprentice in the trade of his choice. Lower right, Barry Divers and Jackson Thierry tune up the motor of David Barbour's Willy's station wagon.

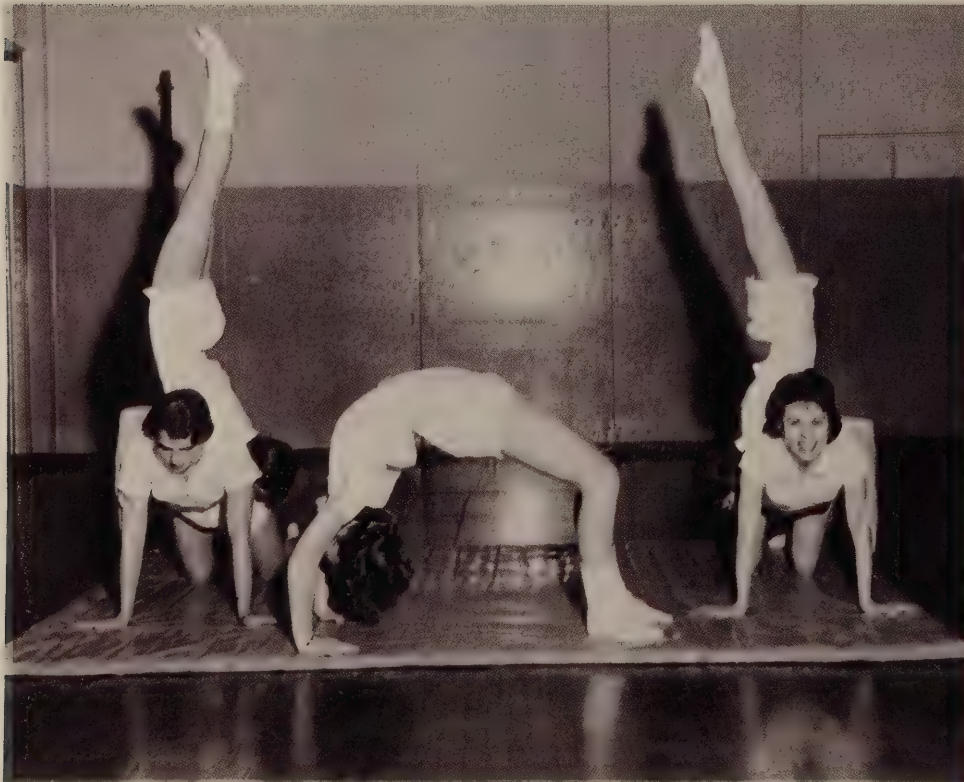

Coach Rohrdanz

Not only do we have classes for every curricular plan, we have sports for the inclination of every student . . . organized, intramural, class or individual ones. Football comes first in the school year; it comes first to mind and lingers longest in the minds of every Jeffite.

Many of us well remember the thrilling football encounter with E. C. Glass. At right Key Clark demonstrates some of the finer techniques of tackling.

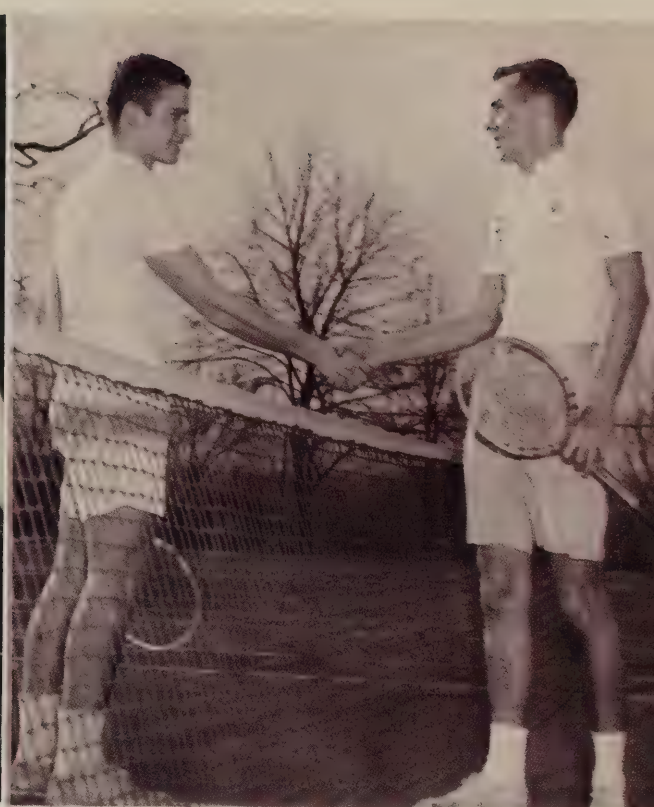

One of the many activities enjoyed by girls in Physical Education class is tumbling. Susan Markley, Liza Venable, Pat Humphries, Mary Eleanor Hodges, and Frances Irving demonstrate their agility.

Skills and Sportsmanship . . .

In wrestling practice Coach Anderson shows Richard DeHaven how to execute a "sit-out" on Frank Porter.

Right: The top ranked men on the Jefferson tennis team are Buddy Saunders and Ken Moorman. They are shown here after a rough match in Highland Park.

At an impromptu pep rally preceding the football game with Fleming, a gigantic bonfire set the scene for a rousing round of cheers. John Freed, staff photographer, caught this unusual candid shot.

Socially We Mature . . .

The camera, having moved behind the crowd, now snaps the main feature of the pre-Fleming rally, the talk by Head Coach Rohrdanz. Here he is commenting, "We need your support to win." Team members and cheerleaders nod in agreement.

The punch line is always popular at a party. The one pictured at left formed in the home of Betty Kay Hitch as she entertained members of the Voice of Christian Youth.

Snow falls rarely enough to be appreciated. These unnamed students were undoubtedly late to class.

Accepting Responsibilities and Rewards .

Jeffites love to dance . . .

The two big dances of the school year are the Snow Queen Dance, given by the Student Government, and the May Prom, staged by the Juniors for the Senior Class. On this page are scenes from the Snow Queen Dance.

Scheduling School Activities . . .

Mr. Harold Secord, Principal

The Academic life of Jefferson is governed in the main office. Here all curricula are set up; students and teachers are assigned into classes; all records of present and past students are kept in the big gray files of our recently redecorated office. These records are constantly being added to and referred to by staff members, colleges, and employers.

Two pictures of Mr. Harold Secord, Principal, and two of Mr. J. R. White, Assistant Principal—dressed up, desks cleared, ready for the photographer. In the others, they are really at work on a hot fall day arranging student schedules.

The **GUIDANCE DEPARTMENT** offers a program of service to all individuals associated with the school. It helps the student secure information concerning further schooling, and to secure information regarding the offerings of the school he might attend. It helps the individual to adjust to the curriculum of his school and the social life connected with it . . . to find specific abilities and skills which he may possess . . . to understand the responsibility and privi-

leges of being a good neighbor and citizen in the school and community; encourages students to take vocational education and assists in occupational choice.

The Guidance services seek to help each individual prepare himself so as to find or make a place for himself in the world, a place in the educational and vocational world, the recreational world and in community civic life.

Mr. Bishop is the head of the Guidance services at Jefferson. His duties include coordinating the Guidance Program, administering psychological tests, individual counseling, keeping records, gathering and making available occupational information, orientation of new students, and acting as a liason between our school and city coordinators.

The Attendance Offices must account for the presence or absence of every student each day. If you are at home on a school day and the phone rings shortly after 9 A.M., you can be sure Mrs. Field or Mr. Anderson is calling for an explanation of your absence. Most absences are legitimate ones. A few wary students have found how difficult it is to come up with a prefabricated excuse that Mrs. Field or Mr. Anderson doesn't recognize for its true worth.

Pictured above are Sally Abbott, Susan Oakey, Gale Palmer, Mrs. Field, Dean of Girls; Mary Owens and Caroline Norman.

School . . .

Helping Mr. Anderson, Dean of Boys, are Joyce Jennings, Gloria English, Reba Stanley, and Wayne Whittaker.

How can Jimmy Harvey look so happy, with Mr. Anderson's immortal words ringing in his ears, "That'll be ten hours for you!"?

They are also in charge of the clinic, allowing only one class period to be spent there. The Attendance Offices grant permission for students to leave the building . . . for a trip to the dentist or to Blacksburg.

Maintenance — Throughout the Year . . .

Our seven lunch periods run smoothly under the supervision of the cafeteria ladies. Pictured above are, left to right, Mrs. Roy Davis, Manager, Mrs. Viola Davis, Mrs. Mildred Slusser, Mrs. Willa Higgins, Mrs. Kate Smith, Mrs. Edith Garland. They prepare the food being eyed by prospective customers at lower left.

The job of keeping the school clean and neat falls on the shoulders of Mrs. Virginia Wright, the maid, pictured at left and Mr. Ed Gillespie, shown below, and his staff, who work in groups around the hours of the clock.

The Camera . . .

. . . Recalls Our Club Activities

We Follow Student Leaders . . .

Officers of Student Government are Lucy Boyd Lemon, treasurer; Harold Settle, vice-president; Ken Moorman, president; Page Montgomery, secretary. Here they are preparing to leave for Jacksonville, Fla. for Southern Association of Student Councils.

STUDENT GOVERNMENT

The Student Government is a vital part of any functioning high school. It allows each student to have a voice in school affairs through elections of representatives from each class to serve on the Prefect Council.

This year, the Student Government has led the student body in maintaining a well rounded and useful scope of activities. Projects for this year included a tea for teachers, Orientation Day for Sophomores, conducting election of class officers, compiling and publishing of Student Directory, sponsoring Commandment Week, and clean-up campaign, planning Snow Queen Dance, and crowning of Homecoming Queen and conducting an Honor campaign, and, of course, the Student Government project which displayed the talents of the entire student body. The Student Government is co-sponsored by Miss Edith Moore and Miss Velve Wood.

(Above) Cecelia Stiff and Ceal Lyle are hard at work checking the point system.

Frank Byrd and Susie McAfee prepare to count votes for the Snow Queen. What a job!

Publicity for the Snow Queen Dance is handled by Mary Stone Copenhaver and Richard Martin.

Martha Hodges, Bobby Young, and Steve Hodges repair a sparkling centerpiece for the Snow Queen Dance.

Whitney Grove chats with Miss Velva Wood, sponsor, as she checks appointments for the teachers' tea.

In A Model Democracy . . .

Peter Munger and Ronnie Lunsford begin the decorating . . . a big task with beautiful results.

Student Directories are unpacked and readied for distribution by Tony Hancock and Jo Ann Floyd.

At club meetings during the year local artists lectured on different phases of art, and work parties were held for Art Club projects. For one club meeting a special tour of Stone Printing Company was taken to view first hand, commercial art on a large scale. The highlight of the Art Club year was a field trip, planned and participated in by all members.

Bible History is studied from the creation through the lives of the disciples, with particular emphasis on the life of Paul. The Fall group studies the Old Testament, while the Spring group studies the New Testament.

The Club is composed of members of the Bible class. Officers are Kenny Fore, president; Page Montgomery, vice-president; Darlene Watkins, secretary; and Betty Jo Patsel, treasurer. Among its activities were organizing an honor system and a trip to the Jewish Synagogue.

Above: Mr. J. N. Harker, Jr., presents Kenny Fore and Mary Manning with certificates for having completed one year's work in teacher training enabling them to teach Bible classes.

We Gain Practical Experience . . .

By knowledge, training, and experience, the D.E. class prepares students for employment after graduation or helps them go to college. The Distributive Education Club at Jefferson is composed of members of the D.E. class. The club is designed to give the students working in distributive occupations a better understanding of the possibilities in this field.

The members of the local club are eligible to join and be active members of the state and national

organizations. Contests are sponsored by these organizations for any students who are interested. Some of the contests include merchandise presentation, job interview, sales demonstration, window display judging, essays, and the student of the year.

One of the highlights of the year is the Employer-Employee Banquet. The employer is invited to dinner and an evening of entertainment, planned and paid for by the students.

Mrs. Mildred Sadler, Faculty Literary Adviser, teaches the Creative Writing class, advises and helps in the selection of material for the ACORN.

The ACORN MAGAZINE, published twice a year, in Fall and Spring, is a product of the Creative Writing Class. The class meets every day, and gives Jeff's journalists the chance to express their thoughts and ideas in writing, and to develop a style of their own. Individual participation and criticism are important aspects of the course.

The works of great authors . . . poets . . . essayists, are studied for style and technique. The desire to create manifests itself in that first short story . . . cinquains . . . impressions . . . a personal interview that evolves into "Profile."

The exchange program with other schools teaches how other magazines function . . . how ours can be improved. There is constant striving for a well-rounded magazine . . . humor, adventure, love.

The staff puts in endless hours behind scenes, selecting, re-writing, and typing. Attending Columbia Scholastic Press Association convention in New York, S.I.P.A. in Lexington, affords a world of insight and inspiration. As though the mere joy of writing creatively were not its own reward, finally that dream comes true, on ACORN MAGAZINE day . . . seeing our own work in print.

STAFF MEMBERS BELOW, comparing our magazine with those of other schools are: Mrs. Sadler, Advisor; Judy Woodyard, Art Editor; Sally Ferguson, Editor; Russell Rosenberger, Articles Editor; Betty Bondurant, Exchange Editor; Sandy Helms, Short Stories Editor.

Summarizes Our Activities

The Annual Staff has spent one period each day preparing a year-book which will reflect school life in all its phases—one that will enable you in years to come to recapture memories of this school year.

There are many responsibilities . . . getting pictures of every student and identifying them, adequately covering club activities and honors as well as sports and special events. We have taken **The Camera Sees Jefferson** as our theme, believing that a pictorial and written record will be one that you will cherish now and in the years to come.

Above: Carolyn Epperson and Vanetta Remaine look over other annuals for ideas. Below: Pat Stull, Gari Dickson, and Sue Beard lay out football pages.

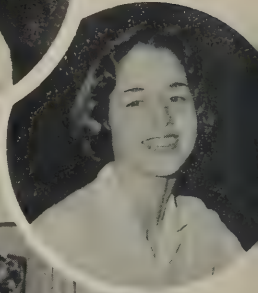

Above: Sara Urquhart and Pat Branstetter assemble information for the Senior Directory. Below: Buddy Saunders asks Mr. Sizer's help in identifying students.

Lower right: Mrs. Drewry, advisor, telephones our publisher's office to plead, "Just one more color picture."

Under the leadership of Bonnie Ratliff the Girls' Athletic Association began the year with a meeting for the new members on Sept. 10. Plans were made for a hike to Mill Mountain on Oct. 8 to be followed by a bowling party in November. Among the other activities were a skating party and a social at the home of a G.A.A. member.

Active membership reached a total of 56 girls. To become a member one must have earned 100

points while at Jefferson.

There were 36 teams playing at the volleyball intramural tournaments in addition to the school varsity and junior varsity teams.

The president was assisted by the following officers: first vice-president, Lois Obenshain; second vice-president, Sharron Sarver; secretary, Darlene Igo; and treasurer, Joyce Semones.

FOOTBALL

The Magicians' 1958 Football squad proved to be one of the best although they played several poor games. They started the season strong by defeating Pulaski and Grundy but lost a heart-breaker to a State power, Graham of Bluefield. Although they lost to spirited William Flemming, they more than made up for it by beating the then undefeated E. C. Glass, and Saltville. Beating Covington and Danville, losing to Kingsport, and tying Andrew Lewis, gave us a fair 6-3-1 record. One of the fastest teams in the school's history, after a poor start, found themselves.

Baseball has been revived at Jefferson! Last year's was the first team since 1950, and this year's team, coached by Joe Byrd, had a full 20-game schedule. The squad carries 18 boys, and two managers, Jerry "Casey" Dillon and Ken "Foul ball" Board.

The team had 9 returning lettermen, losing only 3 players from last year's sophomore-studded team. This year, having had plenty of experience, our boys proved to be a winning team.

This year's squad started the season against a touring team from Michigan followed by encounters with Fork Union and the University of Virginia Frosh. Other exciting games were with Danville, Christiansburg, Halifax, and E. C. Glass.

The J. V. team, coached by George Graybill, competed with the Junior High teams.

Coach Byrd has hopes of making baseball a permanent sport at Jefferson.

The Jefferson Cindermen were coached by T. C. Anderson. They started off the season with the State indoor meet at V.M.I. Then followed a triple meet with G.W. and Fleming, dual meets with E.C. Glass, Fleming, and Andrew Lewis. They also competed in the B.B.I. meet at Blacksburg, as well as vieing for the City-County, District, and State outdoor titles. Jefferson placed high hopes on the merits of hurdler Jay Blackwood, sprinter Key Clark, and high jumper Bill Jefferies.

For Spiritual Understanding . . .

The 1958 Madonna for "The Chimes" is Harriet Hunt who is pictured above.

The Madonna is chosen each year by the student body, and she is presented to the assembly a few minutes before the play begins. It is quite an outstanding honor to be chosen to portray the Madonna.

The assembly "Why the Chimes Rang" is given each year on the last day of school before the Christmas holidays. 1958 was the 23rd consecutive year for the production at Jefferson.

The story has a theme very suitable for Christmas and everyone looks forward to the production, especially the sophomores who are viewing it for the first time.

Baskets for needy families are brought onto the stage after the play. These baskets are filled by Jefferson homerooms.

In a picture from the cathedral scene are Jan Wilkins as the priest and Pat Branstetter as the rich woman.

. . . For Qualities of Leadership . . .

Mr. Emmons and Mr. Pitzer sweep away their "Problems" in the Senior Assembly.

"Oh Ambrose, It's dark in heah!"

Ona Martin, Peter Gunn's "moll", dances to his theme song.

In the Valentine Assembly, by tradition presented by Seniors, Cupid Charles Stone demands a day of vacation. He pressures Bud Stockton, taking the part of Percy, into acting for him on this one important day. Lovers Larry Smith and Jo-Jo Blank find themselves under Cupid's spell.

A black and white photograph of a woman standing next to a display titled "ELECTRICAL CIRCUITS". The display features a large, stylized face with spiky hair, a sign that says "COMPLEX CIRCUIT", and various electrical components and wiring. The woman is smiling and looking towards the camera.

At the Football Awards Assembly, Jay Blackwood receives a football from Coach Rohrdanz for being co-captain of the team. Looking on are Jere Meredith, team member; End Coach, Anderson; and Dickie Beard, co-captain.

R. Rohrdanz gives Key Clark the Paul Martin Award presented annually to the football player who shows outstanding qualities in the fields of leadership, sportsmanship, and character.

Alfred Johnson, co-captain of Jefferson's basketball team received these honors: Outstanding player in City-County League, Captain of the All-Western District Team, and First Team All-Tourney Group I.

In the State Tournament at Charlottesville Alfred set a new individual scoring record. He scored 47 points in our game against Tazewell.
